

Halloween Jack O'Lantern Peppers

Ingredients

Red, yellow & orange peppers
Selection of dips, one for each pepper
Carrots
Cucumber
Celery
Tortilla chips

Method

Cut the top off each pepper to make a lid & cut away the seeds & white pith. If necessary, slice a bit off the bottom to help the peppers stand on their own.

Using a small sharp knife, carefully cut out a face from each pepper - triangles are the easiest for eyes & nose.

Fill each pepper with a dip letting it spew out of the holes, especially the mouth. Pop the lids back on & arrange on a plate.

Cut the vegetables into sticks & serve with the peppers & tortilla chips.
